

# Disintegrators

Lite | Medium | Heavy Duty

## NSA Evaluated Models Assure Compliance

These industry tested disintegrators are based on rotary knife mill technology that renders data virtually impossible to recover. These rugged machines have been evaluated by the NSA and meet these key destruction requirements:

- NSA/CSS 02-02 for paper destruction
- NSA/CSS 04-02 for optical media destruction
- NSA/CSS 04-01 for Key Tape.

In addition to satisfying NSA destruction requirements for the categories mentioned above, they are equally well suited for a wide variety of other media that could cause liability issues if not properly destroyed.

**Proven rotary knife mill technology chops bulk material into small, irregularly shaped particles virtually impossible to reconstruct.**

### MODEL 3 Light | Medium

Rated by the NSA at 250 pounds per hr for High Security (3/32"). Up to 550 pounds per hr\* for Non Classified applications.

### MODEL 22 Medium Duty

Rated by the NSA at 500 pounds per hr for High Security (3/32"). Up to 1,200 pounds per hr\* for Non Classified applications.

### MODEL 23 Heavy Duty

Rated by the NSA at 600 pounds per hr for High Security (3/32"). Up to 1,300 pounds per hr\* for Non Classified applications.

Model	Model 3
Cutting system	5 Blade (3 rotor, 2 bed)
Motor	10 HP
Destruction chamber	10" x 12"
Max throughput	600 lbs/hr
NSA thrupt	250 lbs/hr
Air system	Optional
Noise reduction	Optional
Sound enclosure	Optional
Hour meter	Included
Spare knives	Optional
Waste Bags	Optional
Tool Kit	Optional
Warranty	5 Years

Model	Model 22
Cutting system	5 Blade (3 rotor, 2 bed)
Motor	20 HP
Destruction chamber	12" x 20"
Max throughput	1200 lbs/hr
NSA thrupt	500 lbs/hr
Air system	Optional
Noise reduction	Optional
Sound enclosure	Optional
Hour meter	Included
Spare knives	Optional
Waste Bags	Optional
Tool Kit	Optional
Warranty	5 Years

Model	Model 23
Cutting system	5 Blade (3 rotor, 2 bed)
Motor	25 HP
Destruction chamber	12" x 24"
Max throughput	1300 lbs/hr
NSA thrupt	600 lbs/hr
Air system	Optional
Noise reduction	Optional
Sound enclosure	Optional
Hour meter	Included
Spare knives	Optional
Waste Bags	Optional
Tool Kit	Optional
Warranty	5 Years

\* Depending on particle size
