

High Volume HDD Shredders

2100 - 2400 Drives / Hour Throughput*

Hard Drive Only | Combo HDD/SSD | SSD Only Models

Model 2000 HD

15.0 | 20.0 HP MODELS

Choice of 3 Shred Widths

HDD Only: Slow speed, high torque models securely destroy Hard Drives up to 1" thick, plus backup tapes, DVD's, cell phones and assorted small e-scrap. Three models, 3 shred widths available.

HDD / SSD Combo: Features dual head cutting chamber for shredding HDD and SSDs. Individual chambers can only be used for the designated type of drive.

HDD shred widths: 3/4" and 1-1/2"

SSD shred widths: 3/8"

SSD Only: Shreds SSDs, thumb drives, cell phones, tablets, memory cards & circuit boards to 3/8" particles. Small shred size is required to destroy all data storage memory chips in SSDs.

Also shreds server drives. Includes waste bin full/door open indicator with auto stop and energy savings mode. Can be stationary or placed in trucks for mobile hard drive shredding.

Manufactured in the U.S.

HDD Only Models

MODEL	HP	Shred Width	Standard Drives/Hour	Server Drives / Hour
2000HD	20	1-1/2"	2400	1200
1500HD	15	1-1/2"	2100	1050
2000HD	20	1"	1800	900
2000HD	20	1"	1200	600

Combination HDD & SSD Models

MODEL	SSD Shred	HDD Shred	SSD /Hour	HDD / Hour
2000HD-SSD	3/8"	1-1/2"	2000	2400
1000HD-SSD	3/8"	1"	2400	2400
1000HD-SSD	3/8"	3/4"	2000	2400
1500HD-SSD	3/8"	1-1/2"	1800	2100

SSD Only Models
